SUMMARY

Full-Stack Software Engineer with **1.5+ years of experience** in **React.js, ASP.NET Core, and Azure Cloud**. Skilled in designing and optimizing intuitive UIs, building scalable applications, and integrating secure systems using OWASP best practices. Passionate about **scalable software development, problem-solving, and test-driven development (TDD)**.

WORK EXPERIENCE

Wonderbiz Technologies Pvt Ltd

Thane, Maharashtra

Software Engineer

June, 2023 - Present

- **Designed configuration management UI**, enabling non-technical users to update configuration values without manual JSON uploads, improving operational efficiency by **25%**.
- **Implemented Micro frontend** using **Webpack 5 Module Federation** enabling efficient code sharing and dependency management.
- **Mitigated** frontend and backend vulnerabilities post-penetration testing by reinforcing authentication, restructuring controllers, and updating repositories to enhance overall security.
- **Integrated Azure Key Vault** to enhance secure storage of sensitive data, aligning with **OWASP compliance** and mitigating data breach risks.
- **Developed** an algorithm in C# to **optimize thread management** for an RTOS application, resulting in significant gains in system stability and performance.
- **Resolved** numerous bugs and implemented design improvements, enhancing **user satisfaction and application performance**.
- **Spearheaded project-wide unit testing**, increasing test coverage from **34% to 80%** using **Jest** and **React Testing Library** for the frontend, and **XUnit** for the .NET backend, enabling **faster bug detection and enhanced code reliability**.
- Supported **three sub-teams** by offering technical expertise and quick adaptation to changing project requirements, ensuring the timely completion of deliverables.

SKILLS

Programming Languages: C#, TypeScript, JavaScript, HTML, CSS, SCSS, SASS, Python, SQL

Frameworks and Tools: React.js, ASP.NET Core, Entity Framework, Jest, Enzyme, React Testing Library, XUnit, Plotly.js, AG Grid, Visual Studio, Visual Studio Code, Postman, Git, Github, Android Studio

Cloud Platforms: Microsoft Azure

EDUCATION

Bachelor of Engineering in Computer Engineering

July, 2019 – May, 2023

Smt. Indira Gandhi College of Engineering, Mumbai

University

CGPA: 8.67
